

March 16, 2016

Dear ACS™ Participant:

Unless Congressional or court action extends or makes permanent the existing exigent surcharges, the U.S. Postal Service® is mandated to reduce the ACS prices that have been in effect since May 31, 2015.

Additional pricing information effective April 10, 2016 for other postal products and services can be found on Postal Explorer at: <http://pe.usps.gov/>

The enclosed table lists fees for OneCode ACS® and Traditional ACS. OneCode ACS fees for letter mail are lower than Traditional ACS fees due to the ability to process this mail on our automated equipment.

After reviewing the attached documentation, please contact the ACS department with any questions via email at: acs@usps.gov

Sincerely,
